5.1. Prices of Items Sold: The Seller will receive 60% of the sale price of the items which sell. Tobar Tinker will retain 40%. Please refer the instructions for the inventory sheet when entering the proposed item pricing.

5.2. Unless otherwise agreed, you will receive your money on the Monday following the last weekend of faire.

5.3. If arranged ahead, payments to you for goods already sold may be issued as often as once per weekend and will include all unpaid sales up to the close of business of the previous weekend. Again, all payments are by appointment only to allow our staff to prepare your payment.

5.4. Proceeds for partial days or specific items cannot be separated out.

6. Inventory Policies

6.1. Holds: The pawn shop allows item holds. Items on display for sale may be placed on hold for one weekend for prospective buyers. If the buyer does not return to purchase the item, it will be removed from hold and placed back on the shelves or racks for sale.

6.2. Discounts: The pawn shop will not offer a discount on your items without prior agreement with the consigner. No changes to the pricing of items will be done without consigner permission even if it seems that the item will not sell due to price in the shop.

6.3. Partial Returns to Supplier: Consigners may not remove any items from the shop without Master Tobar's agreement and formal removal of the item from inventory. Removal of any items from shop mid season or without advance agreement may invalidate certain parts of the inventory return agreement.

6.4. Damage and loss: We accept no liability for damage to items while on sale in the shop. The shop will make every effort to care for your items, but this is a resale shop and items sometimes arrive with unexpected flaws or damage which can be difficult to identify initially. Additionally, the pawn shop is an open air shop with minimal security. Please bear this in mind when selecting items for resale.
